PREFACE

For the past 48 years, the IHSAA has published this stat book. It represents the research and organization of many people who have been at the forefront and behind-the-scenes of Iowa prep track and field. Our deepest thanks go to Mo Kelley, former IHSAA Publications Director, for his efforts from 1970-June 2001 for launching this book.

While this book identifies mainly the past team and event champions, it also represents the IHSAA's admiration and respect for all the athletes, coaches, officials, and administrators who have nurtured our track and field program to the status it currently enjoys.

We hope that as you review the names of our champions, you will note past Olympians - including champions and medal winners, collegiate champions, All-Americans, American and world record holders, collegiate and professional athletes in other sports, and a countless number of successful individuals in all walks of life each who has breathed life into the IHSAA credo of Sportsmanship and Citizenship. To no one's surprise the same is true of the near champions, other place winners and participants who are not found on the following pages but share in the tradition of greatness known as Iowa high school track and field. Each remains a hometown champion and hero because of his sacrifice and dedication. That is the legacy that in 2018 celebrates its 113th year and serves as a strong testimonial of the wonderful experience of being a high school athlete.

A THANK YOU TO ALL

Our gratitude is expressed to **Terry Hersom** former sports editor of the *Sioux City Journal*, **JR Ogden** of the *Cedar Rapids Gazette* sports department, **Matt Coss** of the *Quad City Times*, **Dennis Johnson** and **Ric Powell** of the Des Moines Schools, **Mark Hurley** of Mingo and the late **Paul Morrison** of Drake University for their assistance in securing the first names of the event champions to former IHSAA Information Director and historian Bud Legg as the book has expanded. To the many coaches, athletic directors, and administrators in our schools, fans, and to our great friend - the late **Mike Henderson**, for his wealth of information. We also invite you to review other information in the Archives Section on the IHSAA Track & Field page. We are also indebted to former Waterloo West track star **Jim Young and his wife Ginger** for much of information on the State Indoor Meets, which is now posted in the Track & Field Archives.

This year's edition is our most complete history of team and event champions. From 1915-25 State Meet research, sometimes got confused with a meet at Grinnell College called the State High School and College Meet. Virtually all event champions now have their first and last names listed. Those who read this book know that we always welcome corrections. We are continuing our research for the names of the runners of winning relays teams and when we at least 80% we will list relay runners.

We invite coaches and readers to review the information contained in this book and on the track page of our website <www.iahsaa.org>. The archives contain an all-time best list of performances, with the first group being metric times and the second group being the all-time yardage bests. We welcome corrections and additions in that list. As we receive verification of performances we may have missed they are added. ***Times that appear in hundredths are fully-automatic as they are in this book. Other performances are rounded up to the nearest tenth in accordance with official track and field timing procedures. No + or - .24 performances are listed since that quantification is intended for seeding purposes only. The performances in this book are the actual ones recorded at the time.***

This Stat Book, like others we produce at the IHSAA, is updated annually and available in PDF format on our website. We try and improve the quality and accuracy of the information each year. A special thanks to track administrator Jared Chizek of our staff for his assistance. With over 8,500 names of athletes and schools plus performances, an error(s) in spelling, a typo or an inaccuracy can occur. If you discover any please contact Chris Cuellar at the IHSAA by e-mail at ccuellar@iahsaa.org or by regular mail: Chris Cuellar; IHSAA; PO Box 10; Boone, IA 50036-0010.

IHSAA MISSION & PURPOSE

MISSION

"The Iowa High School Athletic Association serves its member schools and students by providing leadership and support for education based interscholastic athletics that enrich the educational experience of the student athlete."

PURPOSE

"To promote, develop, direct, protect, and regulate amateur interscholastic athletic relationships between member schools and to stimulate fair play, friendly rivalry, and good sportsmanship among contestants, schools, and communities throughout the state."

Brief History of the IHSAA's Longest Sanctioned Sport

OVERVIEW: In May 1906 track and field was the very first competition for the fledging Iowa High School Athletic Association approved for a State Meet. Now with the first century tucked away in history, Iowa preps target this spring tradition that has grown significantly in the number of participants and fans.

The information found in this book is the most updated information the IHSAA archives. It includes the team champions and runner-up for each year and is revised annually. If you find a spelling error or an error in performance, please contact Chris Cuellar at the IHSAA (515-432-2011) or email <ccuellar@iahsaa.org>. In addition, please contact us if you know the names of the runners of any relay state champions from 1906-1965.

To understand the context of record keeping please consider the following:

A State Meet Record (overall and by class) can be established only in the IHSAA State Meet and in running events that are contested in meters. Following are those records with the ones for comparable yardage events listed in italics. Comparisons between the two are difficult because of the variables that come into play. We have listed both plus the best state meet and all-time performance as matter of legacy and respect. A more detailed all-time best list is located on the track page of the IHSAA website under "Archives." Effective in 2013, the yardage and metric all-time bests were separated so that the performance listed is what was run. There are no conversions nor is the plus/minus .24 calibration used. ***The all-time bests are performances recorded in any high school competition sanctioned by the IHSAA or the NFHS. It is not to be confused with the State Meet Record, which is set only in the State Meet. An all-time best, established outside of Iowa, is noted with the date and site followed by the best all-time performance in Iowa.***

Performances appearing in tenths of seconds are hand-timed and rounded up; those in hundredths are fully automatic. Starting in 2012, the IHSAA retired yardage events in the all-time best list and preserved them in a separate category rather than use standard conversions. The All Time Best List is the actual performance recorded at the time it was run in yards or meters. No plus or minus .24 has been applied to any of the times, since such a variable blurs the performance and that factor is intended for use only in seeding heats. Field event marks are listed per the reporting rules at the time they were achieved.

HISTORY: Prior to 1906 Grinnell College and the University of Iowa held "open state meets" in the 1890s and 1900s. The meets tended to be "regional" in nature and results are difficult to find. Even after the first IHSAA sanctioned state meet, the University of Iowa continued to hold their meet for several years. In addition, Grinnell College also hosted an Iowa State Championship Meet for high schools and colleges from 1895 through 1925. In previous editions of this book, some of those performances were erroneously in our "champions list", which has now been rectified. The information in this book records the team champion, runner-up and event champions **of the IHSAA State Meet**. From 1906 through 1925 the state meet was an "open meet." Starting in 1926 district competition was initiated to determine the state qualifiers in each event. From 1906-1947 the State Meet was contested in one class. Classification started with the 1948 meet.

May of the past 114 State Track Meets have been held at Drake University including the last 47 years thus giving Iowa athletes the opportunity to compete on one of the nation's premier venues.

A brief synopsis of the history of classification in IHSAA track follows: 1906-1947 – one class; 1948-52 – two classes (A; B); 1953-81 four classes (AA, A, B, C), and 1982 to the present four classes (4-A, 3-A, 2-A, 1-A). Since 1926, the smallest schools (Class 1-A) have used the district meet as their state qualifying method. Starting in 1983, Class 4-A voted to use season performances to determine their state qualifiers. The Class 3-A and 2-A schools voted for season performance qualifying in 1990. **Effective in 2004 all four classes used a district/state qualifying meet. In 2005 the State Meet went co-ed.**

Except for two events—the Discus and the 120 yd. High Hurdles—the contested events were unchanged until the meet went metric. From 1906 through 1938 the Discus was contested using the collegiate implement, weighing 4 lbs., 7 oz. In 1939, the 3 lbs., 9 oz. implement was made standard. Likewise, from 1906 through 1934 the high hurdles were contested over 42-inch barriers (college height). In 1935 the hurdles went to 39 inches to conform to the rules of the NFHS. State Meet scoring and medal winners have changed over the years. A summary of the changes follows.

Years	Places	Individual	Relays
1906-1909	3	5-3-1	5-3-1
1910-1927	4	5-3-2-1	5-3-2-1
1928-1934	5	5-4-3-2-1	5-4-3-2-1
1935-1970	5	6-4-3-2-1	8-6-4-2-1
1971-1976	6	6-5-4-3-2-1	10-8-6-4-2-1
1977-2002	6	7-5-4-3-2-1	10-8-6-4-2-1
2003-2004	8	8-7-6-5-4-3-2-1	10-8-6-5-4-3-2-1
2005-current	8	10-8-6-5-4-3-2-1	10-8-6-5-4-3-2-1

Iowa went metric in running events in 1978, the same year fully automatic timing (FAT) was used at meets in Drake Stadium. Some classes in 1985 and 1986 were not held at Drake and as a result hand-held times were used.

Given that there were times when the FAT at Drake malfunctioned and back up hand-held times (in tenths) was used.

The inclusive dates for comparable events ran in yards follows: 100 yd. dash, 220 yd., dash, 440 yd. dash, 880 yd. run, mile run, and 120 yd. high hurdles: 1906-1977 each; two-mile run – 1968-1977; 880 yd. relay and mile relay, 1906-1977; 440 yd. relay, mile medley relay, and two-mile relay, 1935-1977 each. The shot put, discus, long jump and high jump have been contested since 1906. The 400-meter hurdles started in 1979. Discontinued running and field events from state competitions are included in a special section that follows.

STATE MEET RECORD INFORMATION

Corrected and updated May 23, 2018

Performances recorded in tenths or an "h" are hand-timed rounded to the next nearest tenth per timing regulations.

Those performances in hundredths are FAT, which began in 1978.

State Meet Records & Class Records are those established at the State Meet and only in meters.

An All-Time Best can be established in any sanctioned meet by the IHSAA or the NFHS

* Listings are the national records kept by the NFHS unless the event is not one they sanction. States must submit marks for verification. To qualify the **performance must be set against high school** competition.

Various groups that list high school records may include better performances, but they were established in non-high school competition.

denotes event not included in NFHS national record-keeping since it is not contested in all states or was achieved in a meet that was not limited to high school, but the events are run in Iowa. SHR nationally is 4 x 110m HH.
