

DO NOT THROW THIS CHIP AWAY:

Attention coaches & athletes: Congratulations; you have work hard to qualify for the Iowa State Cross Country Championships. Please follow these simple procedures to make this a memorable day. This event is being timed using the AMB Electronic Timing System. Please be advised of the following procedures.

Securing Chips: You have been assigned two (2) chips. They have been personalized with your name and bib numbers on each strap. Please verify the numbers match with the Bib number you have been assigned. In some races your second chip may contain an extra number. For example: your bib # is 123 and your second chip # is 1123. Always ensure your actual bib # is contained in the numbering sequence. **You must attach the chips to your shoe laces.**

Wear your chips: No chip – no time or place. You must wear your chips to receive a time and place. Do not forget your chips before reporting to the starting line. **A runner who finishes the race without having the two (2) issued chips will Be Disqualified.**

Return of chips: Each team and individual has been assigned a certain number of chips. These will need to be returned in the plastic zip lock bags in which they were given to you to the Chip Return area on the South side of the club house under the deck. There will be IHSAA and IGHS AU staff count and verify that the correct number of chips have been returned. **Coaches: Be certain you have all of the chips before reporting to the chip return area.**

You must wear your AMB Chip or you will not be timed or placed.

YOU ARE RESPONSIBLE FOR THE RETURN OF YOUR CHIP.

Your school will be charged **\$60.00** per chip if the chips issued to your school are not returned.
