

ATTENTION COACHES & ATHLETES

The timing system at Drake Stadium requires the use of “hip numbers” on all athletes competing in individual events and all anchor runners in relay events. Field competitors need not use the “hip numbers”.

Before checking in with the clerk of course, approximately 10-15 minutes before your event is scheduled, runners required to wear the hip numbers must pick them up at the table located in the tent in the NE corner of the stadium by the scoreboard.

The hip numbers are good for one race only and correspond to the lane in which the competitor is scheduled to begin the race. The hip numbers are sticky-backed and require no pins. Simply pull off the backing and press one number over each hip. In all races/relays with a finishing distance of 800 meters or more you will need to wear a third number on the chest. After each race, the numbers are to be disposed of in a trash can located near the finish line.

FAILURE TO WEAR HIP NUMBERS MAY RESULT IN DISQUALIFICATION.

NO RUNNER WILL BE ALLOWED TO CHECK IN WITH THE CLERK OF COURSE WITHOUT HIP NUMBERS IF REQUIRED TO WEAR THEM.

NO RUNNER MAY BEGIN A RACE WITHOUT HIP NUMBERS IF REQUIRED TO WEAR THEM.
